

PERSONAL EFFECTS ACKNOWLEDGEMENT

Thank you for choosing DHX - Dependable Hawaiian Express, Inc. / DGX - Dependable Global Express, Inc. (DHX/DGX) to fulfill your shipping needs to and/or from Hawaii and Guam. Before you get started, there are a few guidelines to go by and terms you need to be aware of before doing business with us.

As a freight company, we base our rates on the cargo we put into a closed 40' container. Therefore, the size of your shipment will determine your rate. Knowing that not everybody has an industrial scale or tape measure, we can offer a few simple steps to making the whole process go smoothly and correctly.

Shipment Procedures / Advice

- Your belongings will need to be packaged correctly. Your freight cannot be exposed, duct-taped together, or sitting on the ground. The boxes/packaging you use should be sturdy and bare the weight of the contents you put in it.
- A forklift and/or pallet jack will be used to load your shipment, therefore the freight will need to be boxed, palletized and/or placed in a crate.
- Each box or article must be labeled with an address and return address, contact name, and phone number. If multiple boxes are being shipped, please number each box (e.g. 1 of 3, 2 of 3, and 3 of 3).
- If we are picking up your shipment, freight needs to be accessible from the street (no gravel driveways or dirt access and must be level, no inclines or slopes).
- A Bill of Lading must be completed (available on our website at www.dhx.com located in the forms section at <https://www.dhx.com/forms/DHX-Multimodal-Bill-of-Lading.pdf>). Be sure to include your name, address, phone number, consignee's destination phone number, piece count, and approximate weight.
- When tendering your shipment, we must receive an itemized list of each box contents (by the box as numbered) and the item's approximate cost - Proforma Invoice. A Proforma Invoice is available online at <https://www.dhx.com/forms/DHX-Proforma-Invoice.pdf>.
- For accurate quoting purposes, the weight and dimensions (length by width by height in inches per piece) would need to be provided at the time of quote. If using a pallet, it must be included in your dimensions. The weight and dimensions will be verified once in our hands, as actual weight and dimensions will be used to determine your final shipping costs, and may be different from what was quoted originally.
- Freight charges must be paid prior to shipping at the time the freight is delivered to/or picked up by us. Charges must be paid with cash, cashier's check, American Express, Visa, or MasterCard. NO PERSONAL

CHECKS WILL BE ACCEPTED. (There is a 3% convenience fee applied, in addition to the amount of your billing, should you choose to pay your invoice by credit card.)

Pricing

The following rates are subject to change, and **applicable rates at the time of tender (freight transfers to DHX) will apply**. Each charge below is a separate charge on your billing from us:

<i>ORIGIN</i>	<i>DESTINATION</i>	<i>OCEAN RELATED CHARGES</i>
The U.S.A. MAINLAND	HAWAII	<p>Ocean charges from all four West Coast ports will be charged at \$8.00 per cubic foot with a minimum charge of \$373.00 per shipment. This minimum pays for approximately 46 cubic feet of freight. The above rate applies to non-hazardous cargo only. Additional hazardous ocean charges equal to 50% of the ocean rate will be assessed on the cargo of a hazardous nature.</p> <p>Current Fuel Surcharge of 38.5% of the ocean charge applies (For example, if the ocean is \$373.00 for Hawaii, 38.5% of it is \$143.61 which represents your Fuel Surcharge). This surcharge is subject to change without notification.</p> <p>Terminal handling will be charged at \$1.06 per cubic foot.</p> <p>Wharfage will be charged at \$0.47 per cubic foot to Honolulu and \$.56 per cubic foot to the outer islands.</p> <p>Invasive species fee will be charged at \$0.75 per every thousand pounds.</p>

PERSONAL EFFECTS ACKNOWLEDGEMENT

The U.S.A. MAINLAND or HAWAII	GUAM	<p>Ocean charges from the four West Coast Ports and the Honolulu Port will be charged at \$7.15 per cubic foot, with a minimum charge of \$300.00 per shipment. This minimum pays for approximately 41 cubic feet of freight. The above rate applies to non-hazardous cargo only. Additional hazardous ocean charges equal to 50% of the ocean rate will be assessed on the cargo of a hazardous nature.</p> <p>Shipments originating from Hawaii's Outer Islands will have additional charges for transshipping via barge and transfer to Honolulu for export. Charges will vary based on the volume being shipped. Shipments will need to be palletized as required by the barge company.</p> <p>The current Fuel Surcharge of 39.5% applies to the ocean charges. (For example, if the ocean is \$300.00, 39.5% of it is \$118.50, which represents your Fuel Surcharge). This surcharge is subject to change without notification.</p> <p>A terminal handling charge of \$1.03 per cubic foot will apply, depending on the origin port.</p> <p>Invasive species fee will be charged at \$0.75 per every thousand pounds.</p> <p>Custom fee applies at \$0.12 / CWT or \$3.00 minimum per shipment.</p>

Transit Times

Shipments from an Outer Island or Micronesian Islands to the U.S. Mainland will require the freight to transition into Honolulu and/or Guam for consolidation with other shipments into a single container. The transshipment time will vary depending on the origin island and barge connections, and the date your shipment is paid. The sailing time frame from Honolulu to Los Angeles is 11 days and from Guam to Los Angeles 18 days. Containers from Guam do not sail with regularly scheduled departure, but rather when the volumes warrant sailing the container. Shipments destined for Northern California for forwarding to Seattle are routed via truck and additional service days will apply. From Honolulu, a less expensive, slower barge service to Seattle may be available upon request. For further information regarding transit times, or for any other questions, please contact our Corporate Customer Service at (800) 488-4888, Ext. 2020.

Prohibited Commodities

DHX/DGX prohibits any loaded firearms, ammunition, fireworks, and explosives of any kind to be included within any packages tendered as your shipment. Shipping to Hawaii, all firearms imported into Hawaii from out of state must be registered within five days of your arrival. Shipping from Hawaii, please note that certain types of firearms are banned in the state of California and will not be accepted. Additional paperwork and forms of id may be required for any firearm.

PERSONAL EFFECTS ACKNOWLEDGEMENT

Release Value

A release value of \$0.10 (ten cents) per pound will apply. Acknowledgment of this will be required by signing the document below, prior to the freight sailing. A complete version of all Terms & Conditions can be accessed through the following links:

Acknowledgment

This document needs to be read and signed by you before we can load your shipment. By following these steps and understanding our policies, we (you and us together) can eliminate most of the problems that occur when shipping Personal Effects/Household Goods. The more accurate and complete the information is, the better we can estimate your shipping rates and timelines.

I have read the above, been given the opportunity to ask questions, considered its effects, understand its content, and agree to the terms as stated above.
